# Abdul Muhsin K

**SOFTWARE ENGINEER | PYTHON, DJANGO & FASTAPI**

Dubai, UAE | +971 55 355 2442 | amkmuhsinzsb@gmail.com | linkedin.com/in/muhsin911 | github.com/muhsin911

## PROFESSIONAL SUMMARY

Software Engineer with 2+ years of experience delivering full-stack business applications using Python, Django, FastAPI, and React. Built 25+ REST API endpoints and improved average response times by 30%; introduced a four-service Docker environment that reduced setup time by 40% and GitHub Actions CI/CD that cut deployment time by 50%. Additional experience integrating Generative AI (LLM/RAG) and using agentic AI development tools.

## TECHNICAL SKILLS

**Backend:** Python, Django, FastAPI, Node.js, REST APIs, Microservices, JWT, RBAC

**Frontend:** React, Redux, JavaScript, HTML5, CSS3, Tailwind CSS, Bootstrap

**Data:** PostgreSQL, MySQL, SQLite, Oracle SQL

**Cloud & Delivery:** Docker, Git, GitHub Actions, CI/CD, AWS, Linux, Postman, API testing

**AI:** LLM applications, Generative AI, RAG, Prompt Engineering, OpenAI API, LangChain, LangGraph, Tool Calling

## PROFESSIONAL EXPERIENCE

Software Engineer | Yatnam Technologies | July 2024 - May 2026

? Built and maintained 3+ full-stack internal business applications using Django, React, and Node.js, streamlining core operational workflows.

? Delivered 25+ Python/Django REST API endpoints; optimized database queries to reduce average API response time by 30%.

? Created a four-service Docker development environment (Django, Node.js, WordPress, MySQL), reducing local setup time by 40%.

? Automated test and deployment workflows with GitHub Actions CI/CD, cutting deployment time by 50% and enabling zero-downtime releases.

Python-Django Developer Intern | Inmakes Infotech Pvt. Ltd. | April 2023 - September 2023

? Developed 2+ production-ready web applications and 15+ REST API endpoints using Python and Django.

? Implemented CRUD workflows and business logic across 10+ database entities, with JWT authentication and role-based access control.

? Built responsive Django-template interfaces with HTML, CSS, and JavaScript for 200+ end users.

Office Operations & IT Support | Ayisha Luqman & Co LLP | October 2020 - January 2023

? Resolved Level 1 and Level 2 hardware, software, and network support requests for a 10-person accounting team within 24 hours.

? Managed user accounts, access permissions, and software installations; supported audit and tax-filing periods while maintaining data confidentiality.

## SELECTED PROJECTS

**ATB Accessibility Toolbar | Yatnam Technologies**

Live: accessibilitytoolbar.com | Django, Node.js, WordPress, JavaScript, PostgreSQL, MySQL, AWS, Docker

- Contributed to a full-stack accessibility product that helps websites offer tools for people with physical, visual, and cognitive disabilities.
- Implemented voice- and speech-based navigation and AI-assisted intelligent navigation; supported a multi-service Docker deployment and automated delivery on AWS.

**Production & Manufacturing Tracking Platform | Confidential**

FastAPI, React, GitHub Actions, CI/CD

- Built a platform to replace spreadsheet- and email-based inventory and international container-shipment tracking.
- Developed FastAPI endpoints, connected them to the React interface, and set up GitHub workflow and CI/CD automation. Used agentic AI development tools to support feature work and debugging.

## EDUCATION

M.Sc. Data Science | Kalasalingam University | 2025 - Present

B.Sc. Physics | University of Calicut | 2016 - 2019

## CERTIFICATIONS

- Software Engineering Specialization | The Hong Kong University of Science and Technology
- Generative AI for Software Developers | DeepLearning.AI, Coursera
- Python Master | Inmakes LearningHub
- JavaScript Algorithms and Data Structures | freeCodeCamp
- Front End Development Libraries | freeCodeCamp
- Databases for Developers: Foundations | Oracle Dev Gym
